1. Buyer will have five days to take the puppy to the Veterinarian of their choice for a Well Health Exam. If this is not completed and documented the contract will be null and void. If your vet determines a health problem with the puppy at this time, that is or could be life threatening, the buyer will obtain a Certified Veterinarian's letter explaining the diagnosis, as well as the prognosis. If this is the case, we will give you another puppy of equal value. If we have no puppies available at the time, we will give you another puppy as soon as one becomes available. The puppy you purchased must be returned to us immediately, or an official Autopsy report stating the cause of death to be the fault of the Breeder. The Breeder is not responsible for any shipping charges.
- 2 Your puppy has been started on vaccinations for Parvo Virus, Parainfluenza, Hepatitis, Distemper, and Adenovirus. It is the buyer's responsibility to keep all vaccinations and preventative medicines up to date on this puppy as not to expose this puppy to any contagious or harmful diseases that may cause illness or death.
3. The Breeder cannot be held responsible for Veterinarian bills once the puppy has been released into the new owner's care.
4. Your new puppy will have a One Year Health Guarantee. The Guarantee will cover ONLY Congenital problems, such as the heart, kidney, liver etc. If such a problem arises, please follow the steps above in #1. This one-year health guarantee will NOT cover Umbilical Hernias.
5. It is not uncommon during shipping/transport for puppies to be exposed to conditions out of our control. Therefore, the Breeder does NOT warrant the puppy to be free of any problems, such as diarrhea (normally caused by changing homes or food), Separation Anxiety, Coccidiosis, Giardia and/or Parasites
6. If this puppy is at any time found to be neglected or kept in a poor state, or maintenance of health is not being met, then this contract will be null and void.
7. Under no circumstances is this puppy to be given to a pet store, laboratory, research facility, animal shelter, or pound. If the puppy is not working out, the Breeder must be contacted to work with the buyer on a solution.
8. If the puppy is given or sold to a new owner, this contract is null and void. This contract is only valid for the original buyer listed above.
9. The Breeder makes no warranty to size or color of puppy when full grown.

We DO guarantee the puppy you purchase to be healthy, clean, well-loved and socialized. We stand behind our Breeding program and offer this guarantee with each of our puppies. It is our sincere wish that this puppy will provide your family with a lifetime of love and companionship.
